Full Stack Engineer

Versatile Professional with a strong background in React, NextJS, Tailwind, and also NodeJS, PostgreSQL and RESTapi. Proven track record in optimizing e-commerce ERP systems, developing dynamic single-page applications, and restful API. Committed to delivering impactful solutions and currently seeking opportunities for professional growth in Canada.

WORK EXPERIENCE

Self Employed • 10/2023 - 01/2024
Freelance Developer
- Developed dynamic single-page applications for local services, using react.js with Next.js for the front end.
- Engineered the back-end functionalities using Node.js, Express, and MongoDB with Mongoose, ensuring seamless handling of the quote requests and efficient database operations following RESTAPI and MVC patterns.
- Implemented responsive design techniques with TailwindCSS, enhancing the user experience and ensuring optimal performance.

Loja do Mecanico (Ecommerce) • Brazil • Full-time • 06/2021 - 04/2022
Full Stack Developer
- Played a key role in the optimization and migration of internal systems from ASP .NET to a modern stack, using Reactjs, Redux, Nodejs, Express, sequelize, PostgreSQL, and MSSQL delivering high-efficiency solutions and solving potential bugs and testing (Enzyme, Cypress, Jest).
- Achieved notable improvements in product and inventory management processes, collaborating with Project management, and support teams.
- Utilized JIRA and Zendesk for project management and maintained comprehensive documentation with Confluence, contributing to the efficiency of project delivery

Agrothings (Startup Project) • 04/2021 - 06/2021
Junior Front End (Reactjs) Developer
- Effectively collaborated with cross-functional teams, ensuring communication in project execution.
- Developed a new frontend SPA using React, with a focus on REST API integration and Git version control within a startup environment.
- Implemented Internationalization (en, pt, fr) using i18next Library.

Souza Totolo Law Firm • 03/2015 - 01/2020
Administrative Assistant
- Worked with administrative paperwork and legal software also providing support to co-workers.
- Utilized spreadsheets to organize and manage data effectively, optimizing administrative processes and facilitating efficient information tracking for various tasks and projects.
- Played an integral role in fostering clear and efficient communication between the company and clients, contributing to the smooth operation of day to day tasks.
